## BOY with premiere at the Fakuma

Friedrichshafen offers an optimal platform for a new presentation

When the Fakuma 2018 will open its gates on 16 October, visitors at the east entrance will be greeted directly by the first trade fair highlight.

„We will present our visitors an absolute novelty at the BOY

booth,” says Alfred Schiffer, Managing Partner. „With this new machine, we are expanding our model range and offer our users an optimum of additional application options. We are pleased to be able to show you this innovation live at the Fakuma.”

New is the worldwide campaign in connection with BOY's 50th anniversary. This campaign started on 1st July 2018. For all machine orders until the end of the anniversary year, we would like to thank our customers with a valuable anniversary package. This free packages includes:

- The interface for the ejector plate safety,
- four freely-programmable inputs and outputs,
- the interface package,
- the relay output during plasticizing and
- the oil filling of the machine.

For further information about the anniversary package please do not hesitate to contact us. We will send you more details about our trade fair novelty directly after the Fakuma.
